Berries:

Outline each berry with 1 s. #746 and split stitch or backstitch, then cover with satin stitch using 2 s.

Add a small French knot (one wrap, pulled tightly) to the top of each berry using 1 s. #840. This will determine the direction in which the berries are hanging.

Stem:

2 s. #3052 and stem stitch.

Leaves:

Fill with 2 s. #3052 and slanted satin stitch. For best results you may wish to outline each leaf first with split stitch or backstitch.

*s. = number of floss strands to use.
